

## WeatherTRAK ACE Benefits

### The opportunity has never been greater.

Gaining a competitive advantage in the face of new environmental and business issues requires new approaches to managing landscape irrigation projects. Contractors that select proven water management systems and practices grow their businesses while they hold down labor costs and improve customer satisfaction.

#### Why WeatherTRAK is the proven choice of leading contractors:

- Proactive support for you and your customers
- Top performing smart controller in agency and field studies
- Approved for every controller rebate program

"WeatherTRAK boosted our sales by \$80,000 last year alone."

**Lalo Mora**, WeatherTRAK ACE,  
Enviroscaping, Santa Barbara, CA

"If you're saving water but your grass is brown, customers aren't happy. WeatherTRAK saves water without compromising landscape health."

**John Seaver**, WeatherTRAK ACE,  
Just Sprinklers, Albuquerque, NM

#### WeatherTRAK weather-based irrigation management is the proven choice for your business.

More than eighteen public agency studies demonstrate that WeatherTRAK conserves water and reduces runoff while it improves plant health. It's the win, win, win solution that boosts productivity while it saves your customers' money and meets water restrictions – automatically!

**Become trained to install and sell WeatherTRAK to residential and commercial customers.** Enroll in the **WeatherTRAK Authorized Contractor Education (ACE)** program today. Here's how:

#### Get trained in-person or online

- > First, call HydroPoint at 800.362.8774 to sign up for an ACE training session hosted by a WeatherTRAK distributor.

Your trainer will explain how WeatherTRAK automates irrigation scheduling based on the specific needs of plants and changing local weather. You'll receive hands-on instruction in the simple installation and programming of WeatherTRAK.

- > You can also train online from the convenience of any location with access to the Internet. Go to [www.hydropoint.com](http://www.hydropoint.com) to access the training material you'll need.

After you pass a brief exam at the end of the training session, you will be enrolled in the WeatherTRAK ACE program. HydroPoint will send you a welcome kit that includes your WeatherTRAK ACE certificate and a CD with product information and marketing materials. You can begin marketing yourself as a WeatherTRAK ACE right away.

#### Step up to WeatherTRAK ACE Preferred

HydroPoint will actively refer customers to you once you have successfully performed three WeatherTRAK field installations, including *ET Everywhere* service activations. Remember that WeatherTRAK Customer Service is always just a phone call away to answer your questions. With WeatherTRAK, smart water management makes good business sense.

**Become a WeatherTRAK ACE today.**

**The controller is smart.  
The service is genius.**
