

WeatherTRAK Site Profile Worksheet Worksheet

Date Surveyed:

Provide a descriptive name for each Station in the fields at right.
For each category below, place an "X" in the box that best describes the station site condition.

Turf Parkway Strip

Station No.	Example	
Station Solenoid Ohm value		
Station Flow (in GPM)	10	
Usable Rainfall (None or %)	100%	

For recommended precipitation measurements, refer to the manufacturer's catalog or the WeatherTRAK precipitation guides (available on the Support page at www.hydropoint.com).

Sprinkler Type (default precip rates)				Sprinkler Type (default precip rates)
Spray Head (1.70)	X			
Spray Head, Stream (0.75)				
Spray Head, High Efficiency (ET Pro ² Series Only) (0.50)				
Rotor, Full Circle (0.50)				
Rotor, Part Circle (1.00)				
Rotor, Mixed (0.75)				
Rotor, Stream (0.65)				
Impact, Full Circle (0.50)				
Impact, Part Circle (1.00)				
Impact, Mixed (0.75)				
Bubbler (2.55)				
Drip Emitter (1.50)				
Subsurface Drip Tubing (ET Pro ² Series Only) (1.00)				
Precipitation: In/Hr	1.70"			
Efficiency: Percent	70%
